On Monday, October 17, 2011, [Terra Firma Global Partners](#) makes their third quarter donation to the [Napa Valley Food Bank](#).

In order to give back to the community we live and work in, every Terra Firma Associate donates a portion of their commission to a fund at the close of each escrow and at the end of each quarter the team decides which local group will be the benefactor. This quarter the group decided the Napa Valley Food Bank would receive the funds that have accumulated over the past 90 days. Director, Shirley King, accepted the check on behalf of the Napa Valley Food Bank from Co-Founders Bill Facendini and Heidi Rickerd-Rizzo along with the Napa Office Associates who made the presentation on behalf of the entire regional Terra Firma global Partners team. King said, "It could not have come at a better time in advance of the holiday season as we have seen cash donations go down in lieu of hard goods. Cash allows us the greatest leverage for purchasing sustainable goods."
